# Nikola Hristov

hristovnikola@protonmail.com

+359894440089

Born on august 31, 1993 in Sofia, Bulgaria.
Experienced software engineer focused on writing clean, maintainable and flexible code. Always looking for more suitable architecture and more simple ways for solving complex problems. I thrive well in a dynamic environment, where the ability to learn quickly is a must. Most passionate about building applications that many people, including me, are using on a daily basis.
